HARVARD.

LOVING CUPS FOR BASEBALL PLAYERS.

Cambridge, Mass., Nov. 19 (Special).—The will of the lote Francis Parkman, which has been filed in the Suffork Probate office, contains this clause per-Holt. [94]; W. L. Clock, [948]; J. St. J. Nolan, [95]; G. the Suffork Product office, County that the Suffork Product of the S my maps to the president and fellows of Harvard Erskine, '9is; T. M. Debevoise, '9i; J. H. Richards, University."

(25; substitutes, R. F. Smith, '94; H. E. Nolan, '95.

1933 are now on exhibition. They are cleven loving cups, one to be presented to each man who played in either the Yale or Princeton game—that is, to the nine who played against Yale—and to Wiggin and Hovey. The cups are of solid silver, but Captain. in either the Yale or Princeton game—that is, to the nine who played against Yale—and to Wiggin and Hovey. The cups are of solid silver, but Captain Frothingham's is of rolled gold. The wording is the same on all. On one side is engraved [183] Baseball Chateplouship, Harvard, Yale, Princeton." Below is a fancy "H. U. B. B. C. monogram, and beneath this the player's name and position. On he other side are the scores of the games between larvard. Tale and Princeton which were played set year.

Harvard, Tale and Princeton which were played last year.

The Yate Gun Club has accepted the challenge of the Harvard Gun Club to shoot a match. The details have not been decided upon. It is probable that the clubs will break away from the old custom of shooting off the match on the morning of the Springfield game. The teams wish to go elsewhere for better facilities, and will probably meet in Hartford or Worcester on Friday morning. The Harvard representatives will be chosen from Lec. Sp.; Sargent. '56, captain; Gould, L. S.; Sterling.' '56; Lawton, '56, and Pike, I.; S.

The Republican Club held a meeting on Thursday and It was voted to ask Governor McKiniey, or Oblo, to speak at his earliest convenience in Sander's Theatre to members of the club and their invited guests.

nvited guests.

The Harvard Fencing Club has elected for the coming year the following officers: President, J. C. fancock, '95; vice-president, J. Sargent, Jr., '85; ecretary, J. A. Gave, '96; treasurer, A. Corbin, '96.

PRINCETON.

STUDENTS WANT THEIR MAIL DELIVERED. Princeton, N. J., Nov. 19 (Special) -George Goldie, ormerly treasurer of the New-York Athletic Club, has, since he took his position as general super-intendent of athletics in Princeton, made many intendent of athletics in Princeton, made mainy changes and improvements in the gymnastum. New apparatus is being bought and placed in zervice immediately. The whole set of apparatus is being moved up nearer the wall so as to give much more room in the centre of the floor for class drills. There are fourteen men practising for the running team at present, and the chances are for

good team this year.

An effort is being made to re-establish free delivery of mail on the college campus. Until about alk months ago the mail was delivered to the

livery of mail on the college campus. Until about six months age the mail was delivered to the students by the regular carriers, but in the spirit of retrenchment of the Democratic Administration the students, whose mail is four times as large as the town mail, were cut off.

By the statistics published in the college catalogue just issued, the academic department shows a loss of seven and the school of science a gain of thirty-three undergraduates. The total registration is 1.622-a gain over last year of twenty.

The Princeton National Alumni Association formed last June is now actively at work. J. D. Davis, '72, is president; J. S. Morgan, '85, treasurer; William Libbey, '77, secretary. The object of the association as set forth in the constitution is "To promote the acquaintance of Princeton alumni, to strengthen the connection between the alumni and the college, and to advance the interests, influence and efficiency of Princeton.'

M. Taylor Fyne, of New-York City, has presented to the college library a large collection of autograph letters and documents, chiefly by famous graduates, or relating to the college, but also including autographs of William of Orange and various documents executed by English kings. J. S. Morgan, of New-York, has also given to the library various early editions of the classics from the Aldine press.

Representatives from Yale, Harvard and Princeton may it has a conditions for their intercollegiate dehates, it was definitely decided to hold these debates, and the following dates were agreed upon '7ale vs. Harvard, March 9, at Cambridge; Harvard vs. Princeton, April 20, at Princeton; Yale vs. Princeton, May 10, at New-Haven, After considerable discussion the delegates agreed to 'have judges; no agreement was reached, however. In regard to the question of second speeches, Princeton of chate last year. Machowell, '94, and Campbell, '94, represented Princeton.'

UNIVERSITY OF MICHIGAN.

Arbor Mich., Nov. 19 (Special).-The elechostly contested between the indefollows: President, D. F. Lyons: vice-president, Gertrude Buck; secretary, Miss McIntyre; treasurer, Richard Quinn; orator, W. W. Wedemeyer; prophetess, Miss Strong; historian, Mr. Osenburg: poet, R. Nelson, T. P. Bradfield was elected manager of the class baseball team. The managers of the class football teams are working hard to get their elevens in shape for the interclass championship games. Six teams are practising

ern football champions for the last year, on November '1; score, 46 to 8, and De Pauw University on November 13; score, 34 to 0. This places Michigan

at the head of the Western teams.

The Athletic Board has accepted a gift of \$250 from the Students' Lecture Association, and will use the money to improve the athletic field.

During the week death has taken two students of the university, E. M. Staebler, '96, Dental, and A. J. Sturgis, 85, Lit.

Two hundred and lifty volumes of scientific works have been added to the library during the week. The library is now open to students at \$15 a. m., instead of 9 a. m. as heretofore.

Two distinguished foreigners inspected the university during the week, Dr. John M. Thome, director of the National Observatory, of the Argentine Republic, and Professor Levy, of the Paris School of Political Science. Professor Levy addressed the class in political economy on the present financial crists.

The junior law class has elected the following officers: President, W. H. Kearns; vice-president, J. V. Rosencrans; second vice-president, Miss Watson; secretary, C. B. Henderson; treasurer, W. Downing.

Downing.

The senior class of the Dental Department has elected officers as follows: President, M. P. Green; vice-president, Miss A. Miller; secretary, C. P. Haselden; treasurer, F. W. Blake.

WESLEYAN

Middletown, Conn., Nov. 19 (Special).-The following men have been elected to compose the Cotlege Senate for the coming year; Seniors, Espen-shade, Gordon, Steele, Terrell; juniors, Ackerly, Gilles, Sheldon; sophomores, Le Compte, Schimpf.; freshman, Mandell. The joint committee of the faculty is composed of President Raymond, Pro-fessor Van Vieck, Professor Conn and Professor Rosa. The Senate held a meeting on Wednesday afternoon, at which the subjects of glee club and athletic cuts, and of attendance at one church throughout the year being compulsory were dis-

The Scientific Association held its monthly meetuncement of Professor Rosa's illustrated lect-

announcement of Professor Rosa's flustrated lecture on "Electricity at the World's Fair" drew the largest crowd that has ever attended a meeting of the association.

The Connecticut Valley Alumni of Wesleyan University met at the Massasoit House, Springfield, Mass., on Monday last and perfected an organization. The following officers were elected: J. R. Buck, of Hartford, president; the Rev. Dr. William Rice, of Springfield, Mass., second vice-president; A. L. Green, of Holyoke, Mass., second vice-president; C. T. Winchester, of Springfield, Mass., secretary and treasurer. The Wesleyan Press Cub has elected the following officers: E. C. Snyder, '94, president; F. H. Sawyer, '94, vice-president; J. K. Van Denburg, '95, secretary and treasurer. A club for the purpose of bacteriological investigation has been organized in the college, Dr. Connis president, The members are Dr. J. E. Loveland, '55; Mrs. W. E. Mead, W. S. Watson, '35; A. E. Loveland, '93, and W. M. Esten, '94. The Wyoming Club has elected the following officers: J. H. Puller, '96, president; Mrs. O. H. Hatfield, '97, vice-president: F. D. Pringle, '97, secretary: G. Evans, '75, treasurer.

Carlisle, Penn., Nov. 19 (Special).—The interest of the week was centred in the football games with the Indian School on Monday and with Haverford on Wednesday. Dickinson won both by large scores.

The chemical department has been increased by the addition of three very powerful microscopes for the use of the students in biology. Fifteen piscatorial specimens have been purchased from the Smithsonian Institution for the same department.

Bryn Mawr, Penn., Nov. 19 (Special) .- On Tuesday evening the students were addressed by Miss Emily Conybeare, of England, the secretary of the Woman's Liberal Federation. Miss Conybeare is also on the boards of the Temperance Union and of the Woman's Suffrage Association. The sub-ject of her address was "The Connection of Women with the Recent Social and Political Reforms 1 Wednesday the Missionary Society held a short Wednesday the Missionary Society held a short business meeting to elect a treasurer, and or Friday held its first public meeting for the year. At a meeting of the Undergraduate Association Wednesday afternoon it was decided to bring into onhall the books of the Students' Library, heretoforedivided among the three halls, and to appoint a librarian to take charge of them. Denbigh was chosen as the most central of the halls, and Miss Fowler, '85, was chosen for librarian. The gymnasium was opened for regular work on Tuesday afterneon. William Dudley Foulke, of Indiana, ad-

dressed the De Rebus Club Saturday evening on the subject of "Civil Service Reform."

YALE. GIFTS TO THE UNIVERSITY-ITS FINANCIAL CON DITION.

New-Haven, Conn., Nov. 19 (Special).-The follow

96, L. Pintti, M. P. S. Evans, R. 36; A. G. Walker, '96; substitute, E. C. Luckhord, '96.
Officers of the Exeter Club have been elected as follows: President, E. O. Holter, '94; vice-president, L. McKee, '95; secretary and treasurer, A. B. Ewing, '95.

was held Wednesday afternoon. The annual report of Treasurer W. W. Farnam shows that since July 1893, the funds of the university have been in-21, 1822, the funds of the university have been been creased by the addition of \$255,30 a.D. Of this sumstances of the largest endowment being \$8,171 15 from the treasurer of the ainmin university funds; the largest endowment being \$8,171 15 from the treasurer of the ainmin university fund, and a legacy of \$1,600 from the estate of the late Lydell T. Adams. The additions to the academical funds were \$18,171 05; the largest being \$12,000, to found the Scott Hurtt fellowship fund, from Mrs. S. I. Hurtt. The class of IM2 gave \$3,000, to found the Teacher memorial fund, and James Gordon Bennett gave \$1,000 to found the Teacher memorial fund, and James Gordon Bennett gave \$1,000 to found the English. The additions to the theological funds were \$2,000, the executors of the estate of the late Mrs. Caroline Washburn giving \$2,000 to found the Washburn professorship fund. For the completion of Welch Hall Pierce N. Welch, of New-Haven, gave \$24,122 06, and for the construction of White Hall Dr. Andrew J. White, of New-York, has already given \$5,000. Mrs. Jame N. Winchester has given \$3,000 for the completion of Winchester Hall. For the Law School Building fund \$500 was given by "A Friend," and for the Medical School laboratory \$8,435 was given. The income from the various funds during the last year was as follows; General university fund, \$2,750; university fibrary, \$3,557 6; infirmary, \$1,412; academic department, \$2,786 64; infirmary, \$1,412; academic department, \$3,557 fibrological department, \$3,557 Medical School, \$4,140, The total amount of the university fund is \$1,181. creased by the addition of \$26,910 D. Of this sum

The total amount of the university fund is \$1.51-56-53.

By the will of Mrs. Ellen Batteil Eldrike, of Yarmouthport. Mass, who died last month, the following bequests have been made to Yale University: The sum of \$20,000 for the foundation of the Batteil professorish of music, which is held by Dr. Stoeckel; \$24,000 for the foundation of two graduate scholarships or fellowships in the academical department, to be named in honor of the donor's late husband, the Rev. Dr. Azariah Eldridge, and \$15,000 for the fund of the university library. Mrs. Eldridge had already during her lifetime by various valuable gifts proved herself a generous friend of the university. The chime of bells on Batteil chapel is due to her muniference, and she shared equally with her brother, Robbins Batteil, the experse of the recent addition which has been made to that building.

inc.
The faculty has decided to omit all recitations after 9:30 a.m. on November 25, in order that the students may all attend the Yale-Harvard game.

WELLESLEY.

AN ATHLETIC FIELD FOR THE GIRLS-VIEWS ON SUFFRAGE.

Wellesiey, Mass., Nov. 19 (Special).—Dr. Welcott Calkins, of Newton, Mass., preached before the college this morning, Miss Merguerite Hall, of

day evening. November 20.

A large and enthusiastic mass-meeting was held in the college chapel last Wednesday evening for the purpose of mutual congratulation among ing, which was presided over by Miss Abigail Loughlin, president of the Agora Society. The college was canvassed last Monday, under the auspices of the society, in order to ascertain the sentiment in regard to the enfranchisement of women. Out of the 622 members of the college who were interviewed, 505 declared in favor of the movement. men, Out of the 622 members of the college who were interviewed, 505 declared in favor of the movement. All the members of the college community are warmly interested in a plan recently developed by Miss Lucile Eaton Hill. The director of physical training, for a playground, or out-of-door gymassium, which will afford ample opportunity to all the students for suitable exercise. A level traction land, between two and three acres in extent within the college grounds, has been given by the trustees of the college to the department of physical training for use as a playground. The members of the freshman class have taken in upon themselves to raise-outside of the college and before January 4, 1894—the funds necessary for the carrying out of this enterprise. It has been estimated that \$1,550 will cover the expense of draining, grading and preparing the field for use John Graham, of the Boston Athletic Association will aid Miss Hill in arranging the details of the playground. Around the level will be a running and bleyele track, and the games and sports introduced will be such as are adapted to the physical needs of the students. Miss Hill is at present making a study of various English and Scotte games which are played by the Newnham and Girton college girls. All the games will be under the personal direction and supervision of Miss Hill, and her associate, Miss M. A. Wood, the physical examiner in this department, who will aim to make the exercise of direct physical benefit to the girls. As the conflitions will be so arranged that there can be no carelessness, there

Hill, and her associate, Miss M. A. Wood, the physical examiner in this department, who will aim to make the exercise of direct physical benefit to the girls. As the corditions will be so arranged that there can be no carelessness, there will be no danger of overexertion on the part of the girls. During the whiter committees from each class in the college will be in conference with Miss Hill and Miss Wood as to the best methods of developing and regulating the games, and it is hoved that next year's freshman class will find the field ready for use.

The out-of-door exercise this autumn has been simply trial work. The interest of the freshman class in physical training has been shown by the formation of a golf club and of a pedestrian club; seventy-five of the freshmen have been playing a new bail game, fifty have been learning to row and a large number to play tennis. The winter practice in the gymnasium will begin this week, but with a freshman class of 286 the limitations of space will be more keenly felt than ever before, while any training for the upper class girls is practically out of the question. Misc Hill, however, does not believe in indoor gymnasiums alone; her idea is that out-of-door exercise is the most desirable, and she believes that the development of this new enterprise will materially affect the general opinion as to what constitutes a model gymnasium.

New-Brunswick, N. J., Nov. 19 (Special).-The Rutgers Corps Cadets paraded on Wednesday in the ex-ercises attending the unveiling of a soldiers' and sailors' monument in New-Brunswick. They re-ceived high praise from an army officer who was present for their proficiency in drill and execution of manoeuvres. The alterations which have been going on at Van Nest Hall are now completed. handsome new porch has been erected over the entrance, and an extra story has been added, which entrance, and an extra stor, has purposes. The sec-ond story of the building will be given over to the uses of the elecutionary department. The new gymnasium promises to be under cover by Thanke-giving, and will probably be open for use by Janu-

giving, and will probably be open for use by January I.

The question of a change of the college color is being agitaired at Rutgers. The color is scarlet, and was adopted on May 17, 1829. The ceilege is essentially Duten in history and sympathy and it is urged that orange would be the appropriate color. Princeton, Syracuse and Chicago have orange, however, and for this region there is a strong softiment adverse to the change.

The Peitherscopian Literary Society has reorganized for the year. The election of officers resulted as follows: President, Dennis, '31; vice-president Johanknecht, '55; secretary, Stryker, '97; treasurer, Salmon, '55.

Salmon. '55.

Dr. F. C. Van Dyck has begun a course of lectures on electricity at N wark, under the university extension system. His class numbers sixty members, and one-third of these are women.

MASSACHUSETTS INSTITUTE OF TECH-NOLOGY.

Boston, Mass., Nov. 19 (Special).—The students of architecture in the senior class have been notified to begin their thesis work. Heretofore the theses were not begun until the second term, but beginning with this year they are required to solve some of the more difficult construction problems occurring in their original designs, and must, therefore, begin their theses earlier. The sophomore civil engineers are surveying some of the land near Clarendon Hills. The country is adjacent to that surveyed by last year's class, for Professor furior intends, by successive surveys, to make a topographical map of a large area of that district on account of its geological interest.

There has been some talk, on account of the inability of the Mechanical Engineering Society to keep alive, of combining the societies of the three large courses the electrical, civil and mechanical. The Electrical and Civil Engineering societies are flourishing, and seem to prefer to remain independent. beginning with this year they are required to solve

MOUNT HOLYOKE. South Hadley, Mass., Nov. 19 (Special).—The Oriental Alumnae Association, including the graduates of Mount Holyoke in Constantinople and vicinity, have adopted the Botanic Garden, and plan to contribute yearly to its support and extension in memory of the late Mrz. Millingen, president

in memory of the late Mrz. Millingen, president of their association.

Percy Reese, of Baltimore, gave his illustrated lecture, "From Lucerne to Florence via the St. Gothard Tunnel," on Tuesday evening in the college chapel. The coming week there will be given an illustrated lecture on "The World's Fair."

The college was represented by large delegations each day of the annual convention of the Christian Endeavor societies last week at Holyoke. The Rev. Dr. Gramel Golick and Mrs. Golick, of Japan, have been guests of the college the last few days. Dr. Golick conducted morning pravers on Friday.

The days of keroame at the college are no more, electric lighting having been substituted in the main building and cottages, and gas in Williston

and Science halls. A valuable Japanese screen in gold leaf, said to be more than 1,000 years old, has come into the possession of the college, the gift of Dr. Adalene Kelsey, who secured it in Japan.

INSTALLING THE COLLEGE PASTOR-THE TRUS-

TEES. Amherst, Mass., Nov. 19 (Special).-The annual financial meeting of the trustees of Amherst College was held at Springfield on Thursday. The most last meeting, the trustees appointed to the place collegiate year was granted to Professor B. K. Emerson, who, in company with G. D. Pratt. '23, of Brooklyn, has started upon a tour around the world. Professor E. P. Peck will fill the place during his absence. Professor J. R. S. Sterrett was appointed to the John C. Newton professorship of the Greek language and literature, making his the head of the department, the place from which br. W. S. Tyler resigned last June. There was also some discussion of the question of providing from outside the college funds a loan fund for students of narrow resources who do not wish to take an absolute gift, but no definite action was taken.

students of harrow resource who do not west to take an absolute gift, but no definite action was taken.

The installation of Dr. John E. Tuttle as paster of the College Church occurred Friday. The morning was given up to the examination by the council, and the afternoon to the services of installation. The Rev. Br. Charles H. Farkhurst delivered the sermon. President Carter, of Williams, followed with the greetings from churches in sister colleges. The Rev. Dr. Wolcott Cakins, of Elist Church, Newton. Mass., gave the charge to the pastor. The Rev. F. L. Goodspeed gave the right thand of fellowship, and the Rev. Nehemlah Reynton, of Boston, delivered the charge to the people. Deacon Samuel B. Capen, of the church which Dr. Tuttle left to come to Amherst, brought Godspeed from the Central Church of Jamaica Plain, Mass., and was the last speaker.

The Leffingwell princs given for excellence in oratory during the junior year, are to be continued under the morne of L. Wesley Laid, of Portland, Ore., who gradiented from Amherst last ions. Amherst's exhibit at the World'a Fair has been forwarded and will be reproduced as well as possible in one of the college buildings. The Rev. Dr. Tuttle will deliver the opening address at the twenty-seventh annual convention of the Young Men's Christian Association of Vermont, to be held at St. Johnsbury, December 1, 2 and 3.

GIFTS FOR PRIZES AND BOOKS NEW SOCIETIES.

Henca, N. Y. Nov. 19 (Special) - Two gifts of
\$1,000 each have just been made to the university.

Professor Fueries, director of the College of Civil which will furnish two prize medias each year one for the best scientific paper by a graduate of the department, the other to go to the senior who maintains the highest average throughout his course. The other gift is from G. W. Harris, the university Ebrarian. It is to be used for the pur-chase of books on the Victorian period, and is intended as a memorial to libs wife, who was par-ticularly devoted to Victorian literature.

The number of student clubs is continually on the

The number of student clubs is continually on the increase. A Unitarian League was organized last week on lines similar to those of the Presbyterian Union. A new scientific society is being organized by the electrical engineers.

Cornell's disastrous football senson has closed. The discouracing showing made by the team, which culminated in the defeat by Lehigh, utterly disheartened the players, and the practice last week amounted to almost nothing. It was with difficulty that the cleven could be kept together for the same with the University of Pennsylvania, and it was clearly impossible to keep up practice two weeks longer in order to play the game scheduled with the University of Minnesona for Thankselving Day, and it was cancelled. Strong efforts will be made to prepare for a successful senson in 1889.

The Pelita Kappa Epsilon fraternity laid the corner-stone of its new chapter-house on Saturday. A new senior society which was organized at Cornell last spring initiated a number of '94 men last week. It is called the Quill and Dagger, and is modelled after the older Sphinx Head.

The second number of "The Cornell Magazine" appeared last week. It contains the outline of a novel scheme of spelling reform by W. Strunk, instructor in English, and consists of the following seniors: J. P. Hall, H. J. Hagerman, H. L. Fordham, J. K. Lathrop, A. F. Weber, and F. W. Love, business manager.

Baltimore, Md., Nov. 19 (Special).—The Greek let-er societies of the Johns Hopkins University are quartered this session than at any time since their a large, roomy, old-time residence, adjoining the gymnasium and mineralogical building. The Alpha Delta Phi, the Beta Theta Pi, the Phi Gamma Delta and the Delta Phi each has a home of its own. A feature of the entertainments given at the fraternity clubs during the winter is the Banjo fraternity clubs during the winter is the Banjo and Mandolin clubs concerts. Pere L. Wickes has been selected as the leader this season. The Banjo Club will consist of H. T. Marshall, W. W. Requardt and Hanson B. Eliock, banjeaurines; James Piper and Albert C. Ritchie, banjos, and Thomas W. Hastings, S. G. Cornell, F. J. Taylor and J. Hooper Edmondson, guitars. The make-up of the Mandolin Club is as follows: George K. Stiles, H. T. Marshall, W. W. Requardt and Hanson Block, mandolins; J. Griffith Ames, mandola; T. W. Hastmandolins; J. Griffith, and Charles D. Smoot, and F. J. Taylor, guitars, and Charles D. Smoot, with college is greatly in need of money for new buildings.

two weeks previous to his election, but now that he is chanceller every one is anxious to express an opinion as to what he will be able to do for the university. It will take a strong man to do for this institution what Dr. Sims did, but the feeling is that Dr. Day as a worthy successor.

The new chancellor has not as yet appeared before the students, but he will lead the chapel exercises next Wednesday morning, as he is expected to be in attendance at the meeting of the college presidents of the Methodist Church, which is to be held here November 22 and 23. The following is the programme for this meeting. "Is it Desirable that all Bachelor Courses Lead to Bachelor Degrees?" President Saymond, Wedeyan, "College Ethics," President Raymond, Wedeyan, "College Strees," President Roscors, Northwestern, "The University Senate," President Warren, Boston University

versity.

Professor W. P. Coddington will write a series of papers on "The Ethics of the School Question" for "The Northern Christia" Advocate." Professor Frank R. Smalley is giving a series of lectures on Roman history. Professor Smalley spent the entire summer in Italy.

---THE WOMAN'S COLLEGE.

Baltimore, Md., Nov. 19 (Special).—The resident students at Homes A and B gave a reception on Friday evening at Goucher Hall. President Goucher assisted the receiving party. A week ago, in the assembly hall of the Giris' Latin School, a mock trial was held before a large audience. Those tak-ing part were certain members of the freshman ing part were certain members of the freshman and sophomore classes, the former of whom were charged by the latter with mutilating all American flags which the sophomores displayed during the tenuls tournament held three weeks ago.

The first number of "The Kalends" for the present year was issued recently. The students of the two upper classes are contemplating an entertainment for the penefit of "The Kalends." It is expected that it will take place just before the Christmas holidays.

The work on the foundations of the new physiological huliding is being pushed forward rapidly, so that it will be entirely completed before freezing weather.

Marie Hilken, instructor in German, who

Miss Mare Three the opening of college in September, is reported as much better, so that she is expected to resume her work in the college at the beginning of the midwinter term. During her absence Dr. Frances Mitchell Froelicher has had charge of the classes.

Waterville, Me., Nov. 19 (Special).-The nonorary junior parts have been announced. They are: Greek, J. C. Bassett and Miss Linda Graves; Latin, Greek, J. C. Bassett and Miss Linda Graves; Latin, John Hedman and Miss Carrie M. True; French, A. T. Laur and Miss Cilo M. Chilcott; English, Foster Philibrook and Miss Blanche Laur. The Oracle Association has arranged a course of lectures, the proceeds of which are to go toward paying the debt of the association. The course will consist of lectures by President Whitman, Professors Mathews, Warren and Bayley, and by Ella S. Yovicheff, a Buigarian exile.

The football team has finished the season's work and has gone out of treining. The '94 "Oracle" board was organized on Saturday.

this fall, the conservatory having been able to secure such artists as Guilmant. De Pachman and Fraulein Emery. The Union Library Association continues its popular course of lectures and entertainments. On November 17 George Riddle read "A Midsummer Night's Dream," with organ accompaniment of Mendelssohn's music for the play by Professor Andrews, of Oberlin Conservatory. The Young Men's Christian Association Week of prayer was observed by daily noon prayer meetings, held by all classes.

by all classes.

The college football team has won a long series of vetories, while the class teams have also done excellent work. The contest for the class championship is close and exciting, the honors lying between the senior and sophomore classes.

The department of natural science is fortunate in securing such a man as Professor Kelsey for the coair of botany. He entered upon this work this fall, and has done much to increase the interest in that department. The students maintain an Agassiz Chapter and a Botany Club.

UNIVERSITY OF PENNSYLVANIA.

LOOKING FOR PREHISTORIC MAN. Philadelphia, Nov. 19 (Special).-The report of the party which has been exploring during the last summer in New-Jersey and Delaware in the interests of the museums of archaeology and paleon-tology has just been made public. The party has been in charge of H. C. Mercer, who will hereafter confine his attention to the museum. The explor-ing party desired to know whether man existed in these regions 7,000 years ago, and to know whether if so, he was a paleolithic man-one who could these regions 7,000 years age, and to know whether, if so, he was a paleolithic man—one who could chip stone but could not polish it—or whether he was a neolithic man—a stone chipper who could also polish stone. It was also desired to know whether these men survived the great glacier and gradually became changed into the Indian, or sought new fields to work out their development. Ancient mines have been opened, caves discovered and explored, and quarries and gravel cuts examined. An earlier type of Indian was unearthed from an underplaced Indian village near Gaidis Run. An important find was also made at the same place. A number of "turtle-back" stones were found, which are distinct from those found at Trenton, and mark a period of unknown duration before the working of the quarries. In some of the Trenton gravel cuts the bones of men and of animals, together with many shells, were found buried together in a mixed-up condition, showing that the tribe had probably been one of those which cleaned the flesh from the bones of their dead and hung the skeletons about the camp. When attacked, they dumped all the bones into a pit and covered them up. Hereafter special attention will be paid by the museum management to the searching of caves where it is thought the best proofs of prehistoric man in America exist. Mr. Mercer leaves soon for the caves of Tennessee, where extensive researches will be made.

An attempt is being made to form a graduate club, the object of which shall be the bringing together of the graduate students in a social organization. A meeting has been called for organization on Thursday evening the Philadelphia Alumni Society of the medical department gave a "musical smoke" at the Colonnade Hotel.

Hartford, Conn., Nov. 19 (Special).—The letter of President Smith in the last issue of "The Churchman" shows that a considerable sum has been be-Pardee, of Hartford, \$25,000; by the late Charles

W. Hastings, S. G. Cornell, F. J. Taylor and J. Hooper Edmondson, guitars. The make-up of the Mandolin Cub is as follows: George & Stiles, H. T. Marshall, W. W. Requardt and Hanson Block, mandolins; J. Griffith Ames, mandola: T. W. Hastings, James Piper, S. G. Cornell, J. H. Edmondson and F. J. Taylor, guitars, and Charles D. Smoot, violinist.

The football team is playing a poor game. The line is weaker than ever, and the team work tame, Unless some radical reforms are instituted in the Unless some radical reforms are instituted in the Unless some explication of the season than it was last. Captain Brown deserves praise for his efforts to keep the line in trim and infuse life late the players. He deserves better success.

Syracuse, N. Y., Nov. 19 (Special).—The one topic of conversation among the friends of the university is the recent election of Dr. Day, of New-York, as chancellor. This choice was not a surprise to those in immediate proximity with the college, because Dr. Day had seemed the winning man for the last two weeks previous to his election, but now that be is chancellor every one is anxious to express an opinion as to what he will be able to do for the university. It will take a strong man to do for the university. It will take a strong man to do for the university. It will take a strong man to do for the university. It will take a strong man to do for the university. It will take a strong man to do for the university. It will take a strong man to do for the university. It will take a strong man to do for the university. It will take a strong man to do for the university. It will take a strong man to do for the university. It will take a strong man to do for the university. It will take a strong man to do for the university. It will take a strong man to do for the university. It will take a strong man to do for the university. It will take a strong man to do for the university. It will take a strong man to do for the university. Schenectady, N. Y., Nov. 19 (Special) -Two classes have had extemporaneous discussions this term as a part of their English work. The seniors have argued on questions drawn from "Journalism." The argued on questions drawn from "Journalism." The juniors have been discussing some phases of the "Silver Question." The social season has begun under the direction of the junior class, as heretofore. The second hop of the season was given last Friday evening in the gymnasium.

Professor Charles C. Brown, at the head of the civil engineering department, has resigned, his resignation to take effect at the end of the present term. Professor Brown goes to Indianapolis as City Engineer.

Although the football team has been defeated by several colleges outside of the league, it has begun the series of league games with a signal victory, last week it defeated the eleven from Syracuse University by a score of 66 to 0. Two of Union's best players, Gregory and Lavery, have not played in some time because of the lajuries they received.

POWDOIN.

Brunswick, Me., Nov. 19 (Special).-The Baseball Association chose the following officers Wednesday: Dewey, '95; secretary and treasurer, A. P. Ward, '96; manager, W. W. Thomas, '94; directors, H. E. [36] manager, W. W. Thomas, '94; directors, H. E. Holmes, '55; J. S. French, '95; H. W. Coburn, '96; A. P. Cook, '97. There is a sharp contest for the captaincy of the nine, the two leading candidates being Plaisted, '94, and Allen, '94, the pitcher and catcher of last year's team.

Professor L. A. Lee is delivering a course of University Extendon lectures in biology at Augusta, F. J. Libby, '94, has assumed the dutles of managing editor of "The Bowdoin Orient."

The Bouting Association has elected the following officers: President, F. H. Mead, '95; vice-president, A. L. Dennison, '95; secretary, J. C. Minot, '96; commodore, S. F. Hack, '91.

Easton, Penn., Nov. 19 (Special).—The last issue of "The Lafayette" has an article strongly urging the need of newer instruments for the astronomical observatory. Its outfit, while reasonably complete in essential apparatus, is deficient in that it is too small to evoke a spirit of research or to stimulate enthusiastic observation. Under the patronage of Professors Silliman, Owen and Green and other citizens, Hannibal A. Williams, of New-York City, will begin a series of Shakespearian recitals on Monday evening. The freshmen have selected crimson and black for class colors, to be worn with the college marcon as an accompaniment.

It is hoped to inclose the athletic grounds before next spring. Eight thousand dollars will be required to grade the tract of six acres, to erect a stand and to connect the field with the electric raflway. As the football senson draws toward an end, the team is happy in its success in wilning the championship in the Rutgers-Stevens League. late enthusiastic observation. Under the patronage

Poughkeepsie, N. Y., Nov. 19 (Special), On Friday evening William Clark, of London, lectured on "The Fabian Society and Its Work." The invita-OBERIAN.

Oberlin, Ohio, Nov. 19 (Special).—President Ballantine delivered the last Thursday lecture, which was in the form of a question box. To the question of the society on December 8. The officers in the form of a question box. To the question of the society for the coming year are, president, Ada Latimer, '94; vice-president, Helen M. Slade, '94; secretary, Juliette Greer, '95; treasurer, Marlantine of the already large cabinets owned by Roanoke.

The artist recital course has been unusually good.

"The Fabian Society and Its Work." The invitations have been issued for the reception by the philadethean Society on December 8. The officers of the Morla's Fair to make a collection of minerals for the college from the exhibits in the Mining Building. The specimens secured, mainly in glifs, from twenty-three States and Territories and six foreign countries, are to be labelled as a "World's Fair Collection" and kept as a separate feature of the already large cabinets owned by Roanoke.

The artist recital course has been unusually good.

The artist recital course has been unusually good.

keepsle gave a complimentary concert in the chapel. They were assisted by Professor Bowman, Professor Savage, and the College Glee Club, under the leadership of Miss Hench, '34. At the close of the concert a reception was given by the faculty to the club. At the regular monthly meeting of the Young Women's Christian Association, on Thursday, Miss Cobb, of East Orange, spoke upon "India and China,"

WILLIAMS.

WHAT THE ANNUAL CATALOGUE SHOWS. Williamstown, Mass., Nov. 19 (Special).-The cata Williamstown, Mass., Nov. 19 (Special).—The cata-logues for this year have just been published, and show the total number of students to be 313, from twenty-five States. The faculty numbers thirty-two, and the total number of graduates is 3,263. Iwo, and the total number of graduates is 2,263. There are two new trustees—Dr. Justin Dewey, Springfield, Mass., and Charles Bulkley Hubbell, New-York City. A Library Council has been established, which is made up of the president of the college, the librarian of the college and three professors. There is a new rule, stating that a student who has failed to pass the entrance examinations at this or any other college will not be received by certificate unless he has subsequently spent at least a year of study in the school which issues the certificate.

Professor Rice has begun a course of informal

spent at least a year of study in the school which issues the certificate.

Professor Rice has begun a course of informal Professor Rice has begun a course of informal lectures on "The Conduct of Life." to be delivered to the seniors Sunday afternoons. The librarian is making a collection of Williams memorabilia, which is believed to be unique, in that it contains a collection of broadside catalogues.

Walter B. Street, 'Sc, and "Joe" Upton, of Harvard, who have been coaching the football team, left here Friday. Mr. Street conducted brief religious meetings daily during his stay, which attracted some interest and attention. The Glee and Banjo clubs will make their first appearance of the season in Albany on December 6.

The Delta Kappa Epsilon fraternity, whose house was burned recently, has secured Mr. Hoxsie's house, in Hoxsie-ave., for temporary use.

UNIVERSITY OF ROCHESTER.

Rochester, N. Y., Nov. 19 (Special).-The faculty of the university gave a reception to the students on Friday evening. Last year several professors entertrined the students at their residences, but this year all united in welcoming the young men in the chapel of Anderson Hall. Besides the student. there were a number of other invited guests, in-

there were a number of other invited guests, including twenty-five young women. After refreshments had been served the fidor was cleared for dancing, and grave professors and gay students joined in the pastime.

Six freshmen were captured by the sophomores on Wednesday and taken seven miles into the country. They were fed on milk and left to wark home, taken the freshmen captured five sophomores, and, taking the same road as the first party, succeeded in flading the members of their own class and brought them home.

Rochester's first league football game was played with the Hamilton College team, at Utica, on November 11, and resulted in a victory for Rochester by a score of 12 to 5. Two touchdowns were credited to Winans, of Rochester, one to Menzie, of Rochester, and one to P. Rose, of Hamilton's Rochester's defensive work nagainst Hamilton's heavy-weight line was especially good.

Rochester's team will have but one football game at home this year, with Union, on November 25.

Hanover, N. H., Nov. 19 (Special),-The week has witnessed the greatest athletic victory that Dartmouth ever won. She defeated Amherst by the remarkable score of 34 to 0, thus winning the championship of the New-England League without having a point scored against her. Since Dart-mouth began to contend with Amherst in football in 1881 she has won five victories with one tie, in 1881 she has won live victory and one the Maherst has a record of one victory and one the The team that represented Dartmouth in this hast game was: Lakeman, left end; Captain E. E. Jones, left tackle; Huff, left guard; M. B. Jones, centre; Bowles, right guard; C. S. Little, right tackle; Folson, right end, McCorrack, quarter-hack; Dodge, right half; Hotchkiss, left half; Carleton fullback. The same team will face the Union College team at Troy, N. Y., on Thanksgiving Day, C. S. Little has been chosen captain for next year.

The efforts of Tufts College to gain admission to the triangular league comorising Dartmouth, Williams and Amberst are strongly opposed by Dartmouth on the ground that the league is larrenough, and that Tufts's teams, as a rule, are not up to the standard of the New-England League.
There has been a good deal of agitation in the senior class over the requirement of a third study during the senior year. This has not always been required, but was one of the changes in the revised curriculum. while Amherst has a record of one victory and one

Clinton, N. Y., Nov. 19 (Special).-The officers of the freshman class are as follows: President, F. Rose; vice-president, A. P. Ames; secretary. A. Fetterly; treasurer, D. W. Congdon; senator, C. C. Frost; football manager, F. R. Burke, C. C. Frost; football manager, F. R. Burke, The library recently received a valuable addition from R. S. Williams, of Utlet. Mrs. C. C. Goldthwaite, of Utlet, has established a scholarship of \$299 for excellence in German. It is to be awarded to that member of the junior class who has attained the highest standing in the German Department. There are now offered to students scholarships of \$200 cach in mathematics, Greek and German, and a fellowship of \$200 in science.

The subjects for prize essays are: Juniors, "The Essays of Plutarch" and "The Mission of Comedy", sophomores, "The Story and Song of Keats" and "Pligrim's Progress and the Imitation of Christ"; freshmen, "Hamilton Academy and College from 1200 to 1825" and "The History and Genius of Wales."

HOBART.

Geneva, N. Y., Nov. 19 (Special).-President Potalumni of the college and for regents University and others to be given in the Hobart Hall of the Diocesan House, New-York, Rev. Dr.

Hall of the Diocesan House, New-York, Rev. Dr. Charles F. Hoffman has just sent 31,000 to the college as a subscription to its miscellaneous and aid fund.

The Hobart football team this term embraces: Bachman, left end, captain; Leaman, left tackle; Richardson, left guard; Wakeman, centre; Elliott, right guard; Kirby, right tackle; Case, right end; right partschack; Service, left baifback; Mechae, right halfback; Davis, fullback, The Hobarts have thus far played three match games. The first game played with the Canandaiguans terminated without a score by either side. The second and third games played respectively with the Seneca Falls team and the Auburn Theplogical Seminary team were won by Hobart.

Bethlehem, Penn., Nov. 19 (Special).—The victors of Lehigh over Cornell places it in fifth place among the football teams. The season has so far been creditable, the team having been beaten only twice-by Princeton and Pennsylvania. Lafay-

only twice—by Princeton and Pennsylvania. Lafayette gave the team a surprise when she scored in the game two weeks ago, and it was only after a touchdown had been made that the team picket in and won the game.

Last Saturday night Professor Robinson delivered a lecture to the Christian Association on "Greek Games." College elections held this week resulted thus: Anderson, '94, manager of the haseball team; Bannon, '95, assistant; Baker, '95, assistant manager of the football team; Elmore, '94, manager of the Athletic Association.

SMITH.

Northampton, Mass., Nov. 19 (Special).-The Hub-Northampion, Mass.

Bard House Society, Tertium Quid, gave its play,

"A Scrap of Paper," on Wednesday evening, Miss.

Graves and Miss Lilian Rice took the parts of Prosper Courament and the Baron de la Glaciere, while those of Louise and Mile. Suzanne were well acted by Miss Mabel Seari and Miss Alice Atwood. Miss Martha Wilson, the house president, took the part of Anatole, in addition to the management of the play. In accordance with the new rules laid down by the faculty, the performance was over at 9 o'clock, and no seats were sold outside the society.

The Phi Cappa Psi held its open meeting on Saturday evening.

----COLLEGE NOTES.

There has been a notable increase in the number of graduates at the Massachusetts Institute of Technology in comparison with last year. The number of candidates for advanced degrees is the same (three), but the number of other graduate students is increased from forty-nine to eighty-one. These is increased from forty-nine to eighty-one. These graduates are distributed among the following courses: Civil engineering, seven, mechanical engineering, they architecture, thirty-three, chemistry, they mining engineering, three, electrical engineering, twenty; other courses, elabt. The graduates of Harvard University are distributed among the following courses: Civil engineering, one; mechanical engineering, two; architecture, twelve; mining engineering, one; electrical engineering, three.

The subjects for the Clarke Prize Orations at Colgate University have been ampounced as followed. Colgate University have been announced as follows: "Phillips Brooks," "The Parliament of Religions," "Lynch Law in the South," "Tennyson as a Patriot," "The Future of Canada," "The College Man in Journalism." On Friday Sir Henry Gilbert delivered before

the Massachusetts Agricultural College his first lecture on the work of the Rothamsted Experiment Station. The remaining lectures of the course ment Station. The remaining lectures of the course will be delivered every other day, beginning with November 20. The following class-day appointments have been made by the seniors: Marshal, L. Maniey; orator, J. E. Gifford; campus orator, A. H. Kirkiand; campus poet, E. D. White; pipe orator, F. G. Averell; by orator, G. H. Merwin; by poet, C. F. Walker, On the evening of November 17 the D. G. K. Praternity celebrated the twenty-afth anniversary of its establishment by a banquet at the Amherst House.

President Dreher, of Roanoke College, Virginia, took advantage of the opportunity afforded by the

Commemorates November.

friends on November 7. The juniors assisted Mrs. Frisbee in entertaining the guests. On November If an evening was spent in listening to a lecture by Dr. Tupper, the new professor in the English department. He took for his subject "The Byways of Liferature." A treat in the musical line is anticipated. De Pachmann is to give a concert in Music Hall on Thursday evening, November 23, Willard S. Small, of the senior class of Tufts College, has received the appropriate of assistant College, has received the appointment of assistant librarian of the college. Out of thirty applicants the following have been chosen for positions on the flee Club: Haynes, Green, Peny, first tenors; the Gue Club: Haynes, Green, Peny, first tenors; Plerce, Clails, Dresser, second tenors; Walker, Chase, Dickins, first bass; Goodrich, Simpson and Mailett, second bass. Haynes will lead the Glee and Walker the Mandolin Club. A Ladles Glee Club is among the new college organizations. Miss Goldard, '77, is the leader.

The Haverford College series of four cross-country runs of from three to five miles has been finished. The winters were: First, Coca, '95; second, Barnes, '77; third Haines, '86. Others who gained places in the finish were Hills, Eronn, Hay Evans, Conkerted.

37; third Haines. '26. Others who gained places in the finish were: Hillis, Erown, Hay, Evans, Conkin and Duell. At a meeting of the Everett Athenaeum Society the following officers were elected: President, Taber; vice-president, Collina, secretary, Hay: treasurer, Evans; registrar, Ric-tine; curator, Farr; president of the council, Will-lams.

IN THE LOCAL COLLEGES.

A "Dictionary of Classical Literature and Antiquities," edited by Professor Harry Thurston Peck, head of the Latin Department, has just been published by Harper Brothers. It is con-sidered the most important American work of its kind since Dr. Charles Anthon published his "Clas-sical Dictionary" and "Dictionary of Greek and Roman Antiquities" fifty years ago. Among the contributors are Professors Jackson, Perry and Manro Smith, of Columbia; Professors Clapp and Seymour, of Tale; Allen and Hayley, of Harvard; Gildersieeve, of Johns Hopkins; Tarbill, of Chicago; West, of Princeton; Bucheler, of the University of Bonn; Cruttwell, of Oxford, and Geldner of Berlin University.

During the last week a bronze tablet, in memory of William P. Avery, founder of the Avery Architectural Library, has been put up in the main room of the library. It was made by Chapman, of Paris.

Paris.

The Chess Club has been holding its tournament all the week. Hymes, Libaire, Mitchell, Bimon and Bournan are in the lead. Hymes, who won every game in last year's intercollegiate match, is a strong favorite, with Libaire and Bournan closely matched as seconds, Last Monday Dr. William P. Hallock delivered a lecture in Hamilton Hall on the geysers of Yellowstone Park. Tuesday the Torrey Botanical Society listened to a talk on solar printing in its relation to botany by Byron W. Halstead, Thursday, M. Hent Bosquet, secretaire generale du "Journal des Debats," delivered a lecture in the library on "Le Journalisme Francais."

a lecture in the library on "Le Journalisme Francais."

The Musical Society has engaged rooms at No. 47 West Forty-second-st., and has seventy-two members. F. S. Pell has been elected vice-president, and F. A. Coykendail, secretary and treasurer.

Plans for a college debating union, embracing all the undergraduate literary society has decided to have singing after its meetings. The sophomore class has appointed a joint come time, misses and arts, to arrange for a benefit to pay off the debt incurred by last year's freshman crew. The committee is, Bacon, Stroup, Ryerson, Dahlberg, Bird, Kelley, Armstrong and Van Benthuysen. The sophomore dinner is in charge of Gibson, Cherry and Lerr, from the Arts, and Moneil, Clark and Smull, from the Mines. The committee on rowing has elected Snepard, "6, chairman, Sturgis, "6, secretary. D. W. Armstrong, Jr., "96, was elected manager of the freshman crew. The committee on football elected Morris, "94, chairman, Crowell, "86, delegate to Board of Directors, and Beach, "86, secretary. The Committee on Track Athletics elected Pell, "86, chairman, Lawson, "85, delegate to Board of Directors, and Beach, "86, secretary. The Committee on Track Athletics elected Pell, "86, chairman, Lawson, "85, delegate to Board of Directors, and Beach, "86, secretary. The Committee on Track Athletics elected Pell, "86, chairman, Lawson, "85, delegate to Board of Directors, and Beach, "86, secretary. The TEACHERS COLLEGE.

THE TEACHERS' COLLEGE.

fne Teachers' College Summer School, which made a successful beginning two years ago, but was discon-tinued during the World's Fair year, is to be rea successful beginning two years ago, but was discontinued during the World's Fair year, is to be replaced by an arrangement which promises to be even more effective. Professor Meleney is to continue as one of the directors of the Martha's Vineyard Summer Institute, and will devote his entire time during the summer to his work there; Professor Woodhull is to be on the staff of the Harvard Summer School; President Hervey has just accepted the pracipaship of the Chautauqua Teachers Retreat to succeed Colonel Parker, and several of the faculty of the Teachers' College are to cooperate with him in reorganizing that work. Important changes are to be introduced, and some of the distinctive features of the Teachers' College are to be incorporated. Especial prominence is to be given to psychology, child study, primary methods of teaching, form, drawing and color, natural schence, including field work in botany, geology and mineralogy, and manual training.

science, including field work in botally, geology and mineralogy, and manual training.

It has just been learned that the permanent exhibit of educational apparatus which is to be established in the new building is to receive an important addition. Mr. Yambo, the Japanese Commissioner to the World's Fair, has told Professor Bennett that his proposition to exchange samples of American manual training from the Teachers' College for Japanese manual training tools and models had been accepted by the royal Commissioner of Education.

THE CITY UNIVERSITY.

Dr. Addison Ballard, who has for nineteen years been professor at Lafayette College, Pennsylvania, has been appointed professor of logic in the University of the City of New-York, to begin work January I. Professor Ballard was graduated at Williams with the first honors of his class, was for eight years profirst honors of his class, was for eight years professor in the Ohlo University, and was called to Williams as the first incumbent of the chair of rhetoric. He was then called to Marletta College, Onlo, and was recalled to Williams as the college pastor. In 1814 he became a professor at Lafayette, filling the chair of logic and ethics.

The Executive Committee at its meeting on Monday appointed the Chancellor and Dr. Loomis acommittee to decide and define the buildings absolutely necessary to be provided next summer in order that the understraduate work might be comfortably accommodated at the new site uptown. In connection with the grading of University-ave, upon the new site, which is sixty feet in width, the Building Committee, through Pavid Banks, is levelling the athletic grounds which adjoin University-ave, and which are to comprise four or rive acres. Dr. Charles F. Deems, who fied on Saturday, had been a member of the University Council for seventeen years. He founded the Deems Loan Fund, from which loans are made to students, with interest, and no payment of interest comprise required until the student shall have found remunerative occupation after leaving conege. It is notable that this fund has been in operation six years, and out of all the loans made not one has failed to be naid at maturity, both principal and interest. The fund is administered on strictly business principles, an ladorser being required. Dr. Deems founded a similar fund in the University of North carolina as a memorial to a son who was killed in whose body was never found. fessor in the Ohio University, and was called to

STEVENS INSTITUTE. The looked for cane rush or spree between '96 and '97 has at last ended in a hopeless fizzle. '97 had tired of writing for '96 to agree to a spree, and had tired of writing for '96 to agree to a spree, and finally sent in an acceptance in the former challenge. The souhomores have formally announced that the first refusal to accept was final. W. B. O. Field, '94, has resigned the presidency of the Gloe Club and R. E. Hall. '94, has been elected. The club will give a concert on November 25, besides the 'smoker' next Friday. The senior trip was given up, owing to Professor Denton's forced absence. Next Monday the S. S. S. will give a dance, this being the first of the series. The Photographic Society has been admitted to the American Slide Exchange. It will give its annual exhibition in January. The Life Board has at lag succeeded in getting a room for editorial work. The paper has improved wonderfully dis fall, and has shown the success of the new method of forming the Board of Editors. The Engineering Society held its last meeting for the term on Friday; two papers were read.

PRATT INSTITUTE.

The course of lectures on books of reference, given on Monday afternoons, are open to all mem-bers of the institute and to the public. The series is directly helpful to those using the reference de-partment of the Pratt Institute Free Library. The lectures in general literature are given before the school of Library. Tradenic by May 1. Aversections in general literature are given before the school of Library Training by Miss Mary L. Avery, of the library star, late of the staff of the "Century Dictionary." They are attended by many who are not members of the Library School, both within and outside the Institute, "Early French Poetry and the Modern Provencal School" was the subject of the first lecture of the course on French literature now in progress. It will be followed by lectures on Spanish and Russian literature. Those upon Scandinavian authors were followed with special interest.

Scandinavian authors were followed with special interest.

On Wednesday D. T. Ames, Éditor of "The Penman's Ari Magazine," gave an interesting talk before the department of commerce on "Success in Business." Professor W. T. Sedgwick, of the Massachusetts Institute of Technology, will talk this week on biology before the Normal Domestic Science Class. At the beginning of the winter term a series of lecture lessons on "The History of the Development of the Homes from Huts" will be given by Miss Both-Hendrickson before the Normal Domestic Science Class. This series will illustrate the essential principles of household art, which is one of the branches of the curriculum in domestic science. The November number of "The Pratt Institute Monthly" is out. The leading articles are on "Ancient Mining on Keweenaw Point," by J. Frederick Hopkins, and on "The Function of Assign Manual Training," by C. R. Richard.
